## The Company

Nadkan Chemicals was established in 1993 and is a household, Industrial and Automotive chemical manufacturer and supplier, to a variety of industries and hawker trade.

Our business philosophy is to treat our customers and suppliers, with integrity, demand the best quality products and services, whilst continuously striving for very innovative ways to improve our products lines.

## Our Products

Household, Industrial and Automotive Cleaning chemicals make up our product line, which consists of +- 70 products. Below are to name a few:

- WAX – On™ - Floor Polish – 6 Variants
- Dish wash Liquid
- All Purpose Cleaner
- Tyre Polish Tyre gels
- Silicone Dash Treatment
- Brass Polish
- Aluminum Cleaner
- Engine Cleaner
- Car Wash and Wax
- Tile Brite
- Pine Gel

We have also developed “Econo” product lines which cater for the lower end of the market, with no compromise on quality.

Due to the concentration and unique formulation of Nadkan Chemicals product lines and usage according to specification, it allows for very minimal wastage.
